Dear Club Secretaries and Members

## **Re: NSW Government Proposed Legislation**

The NSW Government has put forward proposed legislative changes to the [Firearms Act 1996 – Firearms and Weapons Legislation \(Criminal Use\) Bill 2020](#).

This has been done with no consultation whatsoever with stakeholders.

The Shooters, Fishers and Farmers Party has identified some areas of the legislation that could cause legal firearms owners considerable grief.

As soon as the COVID-19 emergency is over, the Shooters, Fishers and Farmers Party will be holding an [inquiry](#) into the above legislation.

At this stage, no peak body has been invited to make a submission however we will be lodging one at the most opportune moment. Rest assured, the NSWAPA will be doing our utmost to look after your interests, as always.

Yours sincerely

**Brian Cheers**

President – NSW Amateur Pistol Association
